Dear Valued Customers.

Subject: Introducing Our New Self-Service Invoice Payment Portal

Beaver Electrical is excited to announce the launch of our new self-service portal designed to make paying invoices using a credit card more convenient. This system is ideal for pre-paying COD accounts or settling NET30 accounts. The system supports both Canadian Dollars (CAD) and US Dollars (USD).

Canadian customers paying in CAD can access the portal by visiting:

- beaverelectrical.com/payments
- Additionally, you can find an orange "Pay an invoice" link at the bottom of every page on our website.

For customers with USD accounts, please contact us, and we will gladly provide instructions on how to use our credit card payment system in US Dollars.

We have also expanded our payment options to better serve you:

- Interac EFT Payments: We now accept incoming Interac EFT payments at payments@beaverelectrical.com.
- ACH / Wire Transfers: We currently prioritize larger customers who can settle NET30 invoices through wire transfers. For incoming banking details, please contact us.
- Paper Cheques: We will continue to gladly process paper cheques sent by mail.

If you have any questions or need assistance, don't hesitate to reach us by phone at 604-431-5000.

We appreciate your business and look forward to making your payment experience as smooth as possible.

Best regards,

The Beaver Electrical AR/AP Team
